Dear Mrs. Manly:-

I, am writing you in reference to baseball, and your most valuable team the Eagles, from all indications you are fielding this year a team that will surpass, last seasons most creditable ball club.

During this the first season, while in the war and the disruption of conditions, we have a job to do and that is to create better morale of the soldiers, now that the cry is baseball, we are making connections for games for games to be played by the leading Semi-Pro and Pro teams. During the coming season you will have a break in schedule no doubt.

Thru the efforts of the Trenton Defense Service Council and Dunn field management the White Soldiers Club and our Club here will have a date or two and we will have to have some team to play there for the welfare of Soldiers and their entertainment.

Will appreciate any suggestion or co-operation you may give in this matter. ,for Fort Dix or Trenton.

Very Respectfully Yours,
